Transiting Pluto into natal Ninth House

Nov 15, 2019 to Mar 27, 2033, exact Dec 22, 2019

During this transit, lasting 14 or more years, there is an emphasis on your philosophy, beliefs and educational values. Your belief systems may undergo a radical transformation in the course this transit, ideally toward developing your own unique ideology based on a more conscious understanding of your own point of view rather than socially accepted beliefs received from others. You may become a zealous spokesperson for a particular philosophy or cause during this time, or be tempted to coerce others into accepting your own views. All in all it serves you to be less dogmatic. By moderating your expression you can bring your ideas to others with a better chance of acceptance on their part, and serve a more socially active purpose at the same time as you advance your own understanding.

Transiting Pluto in conjunction with natal Saturn

Dec 10, 2019 to Feb 18, 2021, exact Feb 11, 2020; exact Jul 16, 2020 R; exact Dec 17, 2020

The strongest blend of the energies represented by these two planets.

You are in for an extended period of time when the basic structure of your life is subject to some inevitable and far-reaching changes. At this time you will feel the pull of your older and more habitual patterns as well as a strong and ultimately irresistible push for some newer and more vibrant way of being in the world. These feelings will threaten your sense of self, and cause you to struggle against accepting the process of change. You may have to surrender material things, or some other aspects of your life that you hold dear in the course of this transit. Of course this does not come easily. You need to let go of the past, and it may be quite difficult to let go. Great persistence and concentration are required, especially in regard to work related activity. Inevitably, you are trying to create something new in place of the old, which better serves your soul's evolutionary purpose. The changes that so challenge you now you are in fact in your own best interest, and these outmoded portions of your self-concept are being torn away from you in order that you may grow.

Transiting Chiron in square with natal Uranus

Apr 4, 2020 to Oct 27, 2020, exact May 12, 2020; exact Sep 11, 2020 R

The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time.

You are likely to experience an urge for freedom and spontaneity at this time. There is genius energy in you right now, an energy to create new things and depart from the normal run of the mill consciousness in doing so. With this transit, your mental creativity and spontaneity is up for a transformation of some sort. Perhaps you will launch yourself into new ways of thinking and being, even altering your lifestyle. There may be changes in store for you that have been waiting

in the wings for the right moment to come on stage, new ways of being that more truly serve the evolutionary purpose that you came into this life to actualize. There may be some pain associated with this type of transition, since any peeling away of old skin is painful, and the process you are engaged in may leave you raw and exposed for a while. But something inside is pressuring you to move ahead, in spite of the consequences, and it is well to heed the wisdom of your soul's higher purpose. You may emerge from your chrysalis with a brave form and new wings.

For this period of time, you may feel lonely and isolated, as you dwell on the self-determined structure of your own life, rather than being able to relate wholeheartedly to friends and family. You may fear close relationships with others during this period of time. Your feelings may seem to be restricted by circumstances or from the standpoint of your own inner development. Either way, you may find yourself moving toward a more self-reliant attitude as a result.
